

Kingswood Golf & Country Club

Established in 1987 originally as a 9-hole course, Kingswood expanded and is an 18-hole par 71 course with three levels of tee difficulty. In 2011 the course holes' sequence were altered to help increase pace and flow. The first four holes make their way through residential community with both water and traps strategically positioned. The Fifth hole is a short par 3 that is followed by 2 long par 4's. The 8th hole is a scenic par 3 that plays over the La Salle River. 9 and 10 play through the bush that is adjacent to the river. Holes 12 through 16 proceed into a links terrain but with abundant sculpted mounds and bunkers. Hole 17, which crosses back over the river, is a par 3, with a green that is not to be underestimated. It is just one of the several Signature holes throughout the course. The 18th brings the final challenge of the course, framed with fairway bunkers which lead to an island green.

The clubhouse was built in 1997 and was newly renovated in 2017, creating Kingswood Wedding & Event Centre. Fairways Restaurant & Lounge at Kingswood was established in 2017 and further renovated in 2024.
